SUMMARY

UI/UX designer who completed a three-month internship at Scratchly, designing CRM, dashboard and inventory screens in Figma. I have also designed two self-initiated concepts, an AI sustainability platform and a habit-journal mobile app. Google UX Design certified. Looking for a paid UI/UX internship or junior role

EXPERIENCE

UX/UI DESIGN INTERN | SCRATCHLY | JUN-AUG 2026 (3 MONTHS)

- Designed CRM screens in Figma for leads, deals, activities, messages, reports and team workflows.
- Created inventory-management screens, landing-page UI and user flows from product requirements.
- Iterated on layouts and navigation so multi-step business tasks were easier to follow.

PROJECTS

EARTHPULSE AI, self-initiated web concept (https://bit.ly/4BIX7cS) Designed a sustainability platform concept end to end: brand direction, landing page, dashboard, user journey and information architecture. Built the dashboard around a single 0–100 Earth score to make environmental data easier to read.

SCRATCHLY CRM & DASHBOARD, Internship project (https://eternal-sheets-051418.framer.app/scratchly-crm-dashboard). Worked across CRM workflows, dashboards, inventory-management interfaces and landing-page design, with a focus on making business information easier to navigate.

DAILY HABIT JOURNAL APP, self-initiated mobile concept (https://eternal-sheets-051418.framer.app/daily-journal-habit). Designed mobile screens for habit tracking and journaling, focused on quick daily logging and progress review.

CAPABILITIES

UX & PRODUCT
User flows · Information architecture · Wireframing · High-fidelity prototyping · Interaction design · UX problem framing

UI & TOOLS
Interface design · Dashboard design · CRM design · Landing pages · Mobile UI · Visual hierarchy
Figma (Auto Layout, components, prototyping) · Framer · Notion · Claude AI

EDUCATION & CERTIFICATION

BACHELOR OF COMPUTER APPLICATIONS (BCA) | Manipal University Jaipur | (Expected 2026)
Google UX Design Professional Certificate | Coursera | November 2025
